MAKING THE RECORD & USING REALTIME TECHNOLOGIES :

Best Practices for Ensuring Accurate Records

**Leaders in Court Reporting
& Legal Technology**

SUMMARY

McCorkle Litigation Services invites attorneys and new associates to learn best practices for ensuring a clear and accurate record is kept. Our experienced instructors will teach attendees best practices and answer questions about this crucial process. In addition, Realtime technologies are demonstrated, allowing attendees to understand the capabilities of the technology.

An open happy hour will follow in McCorkle's suites so you have time to continue conversations and meet others!
